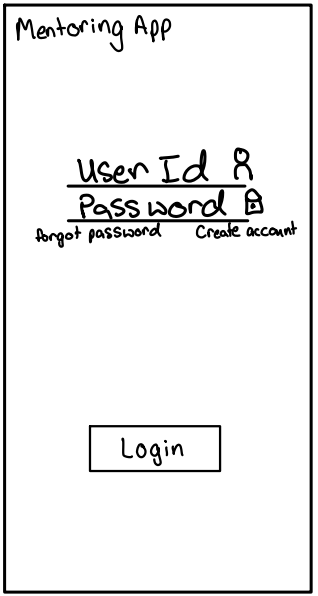
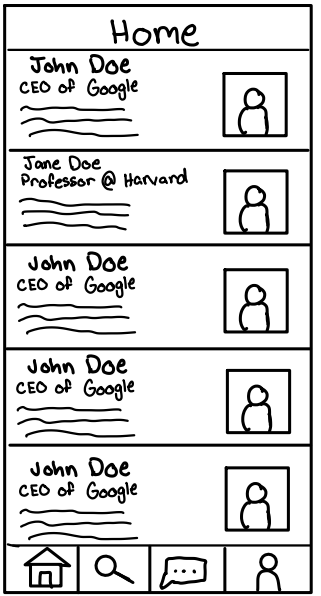
Type login information and click login



Opens Home Screen with different mentors that are recommended

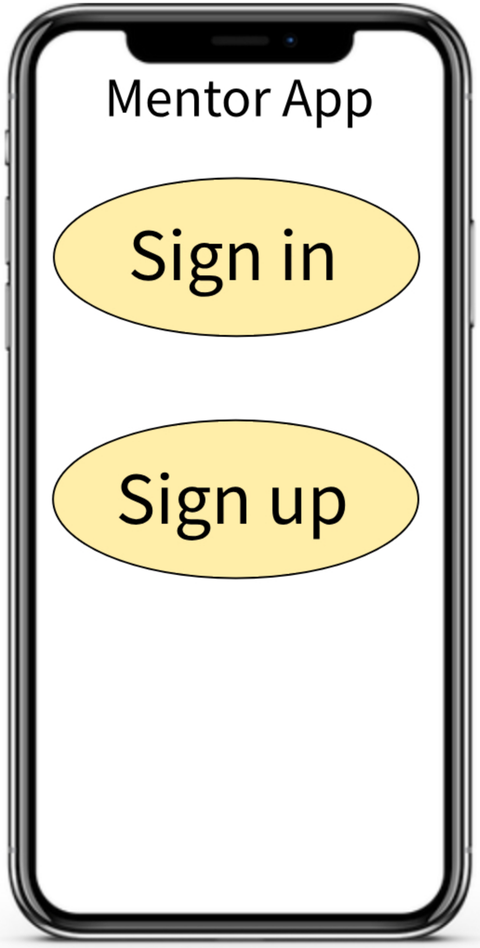


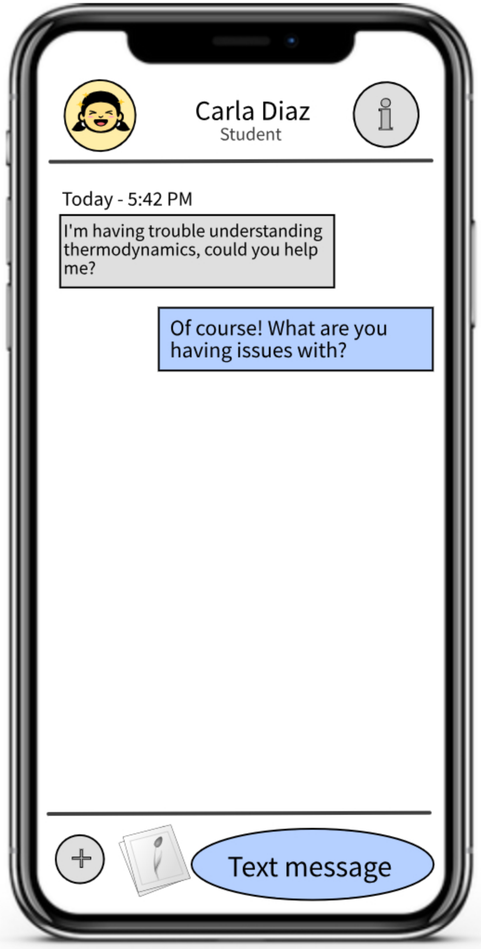
Click on an individual mentor and it shows their profile and if you would like to schedule a call or message

Click search at the bottom to search a field, mentor, or topic

Name: Maximus Fernandez

Mentor App Sketch





I want to teach others about Data Science, so I'll sign myself up as a mentor!

I have no ratings, let me customize my profile to make myself more appealing!

I received a message from a student, I'll help them out!

The student left a nice review, hopefully this will attract others!
